Introdução

A cada novo curso de leitura musical que ministro, é recorrente que alunos busquem comigo material para estudo adicional, o que é algo obviamente necessário para a fluência na leitura musical. Nessas ocasiões, indico que procurem qualquer partitura e diariamente procedam com a leitura de um trecho da peça musical. Acontece que, na maioria das vezes, o aluno acaba não seguindo essa orientação e não busca partituras para o desenvolvimento de sua leitura musical e, outras vezes, quando encontra partituras, acaba se perdendo no estudo devido à falta de organização do material.

Buscando amenizar esse problema é que este volume foi criado. São *Pílulas de leitura musical* em que durante dez semanas o estudante ou músico que deseja praticar sua leitura é, diariamente, convidado a realizar três pequenos trechos de dificuldade variada.

Geralmente o primeiro trecho de cada dia é mais simples que o segundo e que o terceiro. Isso significa que, se o estudante estiver em um nível de aprendizado inicial, ele pode realizar apenas o primeiro trecho de cada dia. Porém, se ele já está em um nível mais avançado, pode realizar os demais trechos diários. Entre o primeiro e o septuagésimo dia, existe certa gradação de dificuldade, mas não tanto, de modo que o estudante fique durante as dez semanas com uma necessidade de atenção e motivação constantes.

É importante deixar claro que este não é um livro que ensina leitura musical, é apenas um apoio ao estudo. O aluno deve aprender a leitura musical por um professor, presencialmente ou por outros meios. Tenho um site com muito material que pode auxiliar nesse sentido. Para encontrá-lo, faça uma busca na internet por *Aprenda Música Comigo*.

Com o objetivo de possibilitar o estudo em qualquer lugar, este livro foi concebido em um formato digital de

formatação fixa, mas adequado para telas de *smartphones*.

Este volume aborda a clave de sol, mas também foram elaboradas outras versões com as mesmas notas em outras claves, alterando-se apenas a oitava de algumas notas. Ou seja, se alguém deseja praticar com um colega, com volume em uma clave diversa, as notas coincidirão, mas não as oitavas: o que não é um problema para esse tipo de treinamento.

Minha indicação é que o estudante ou músico realize ao menos uma vez por ano essa jornada de dez semanas de treinamento para que possa ficar sempre fluente na leitura musical. Para este estudo, segunda-feira é o primeiro dia de nossa semana. Organize-se considerando isto!

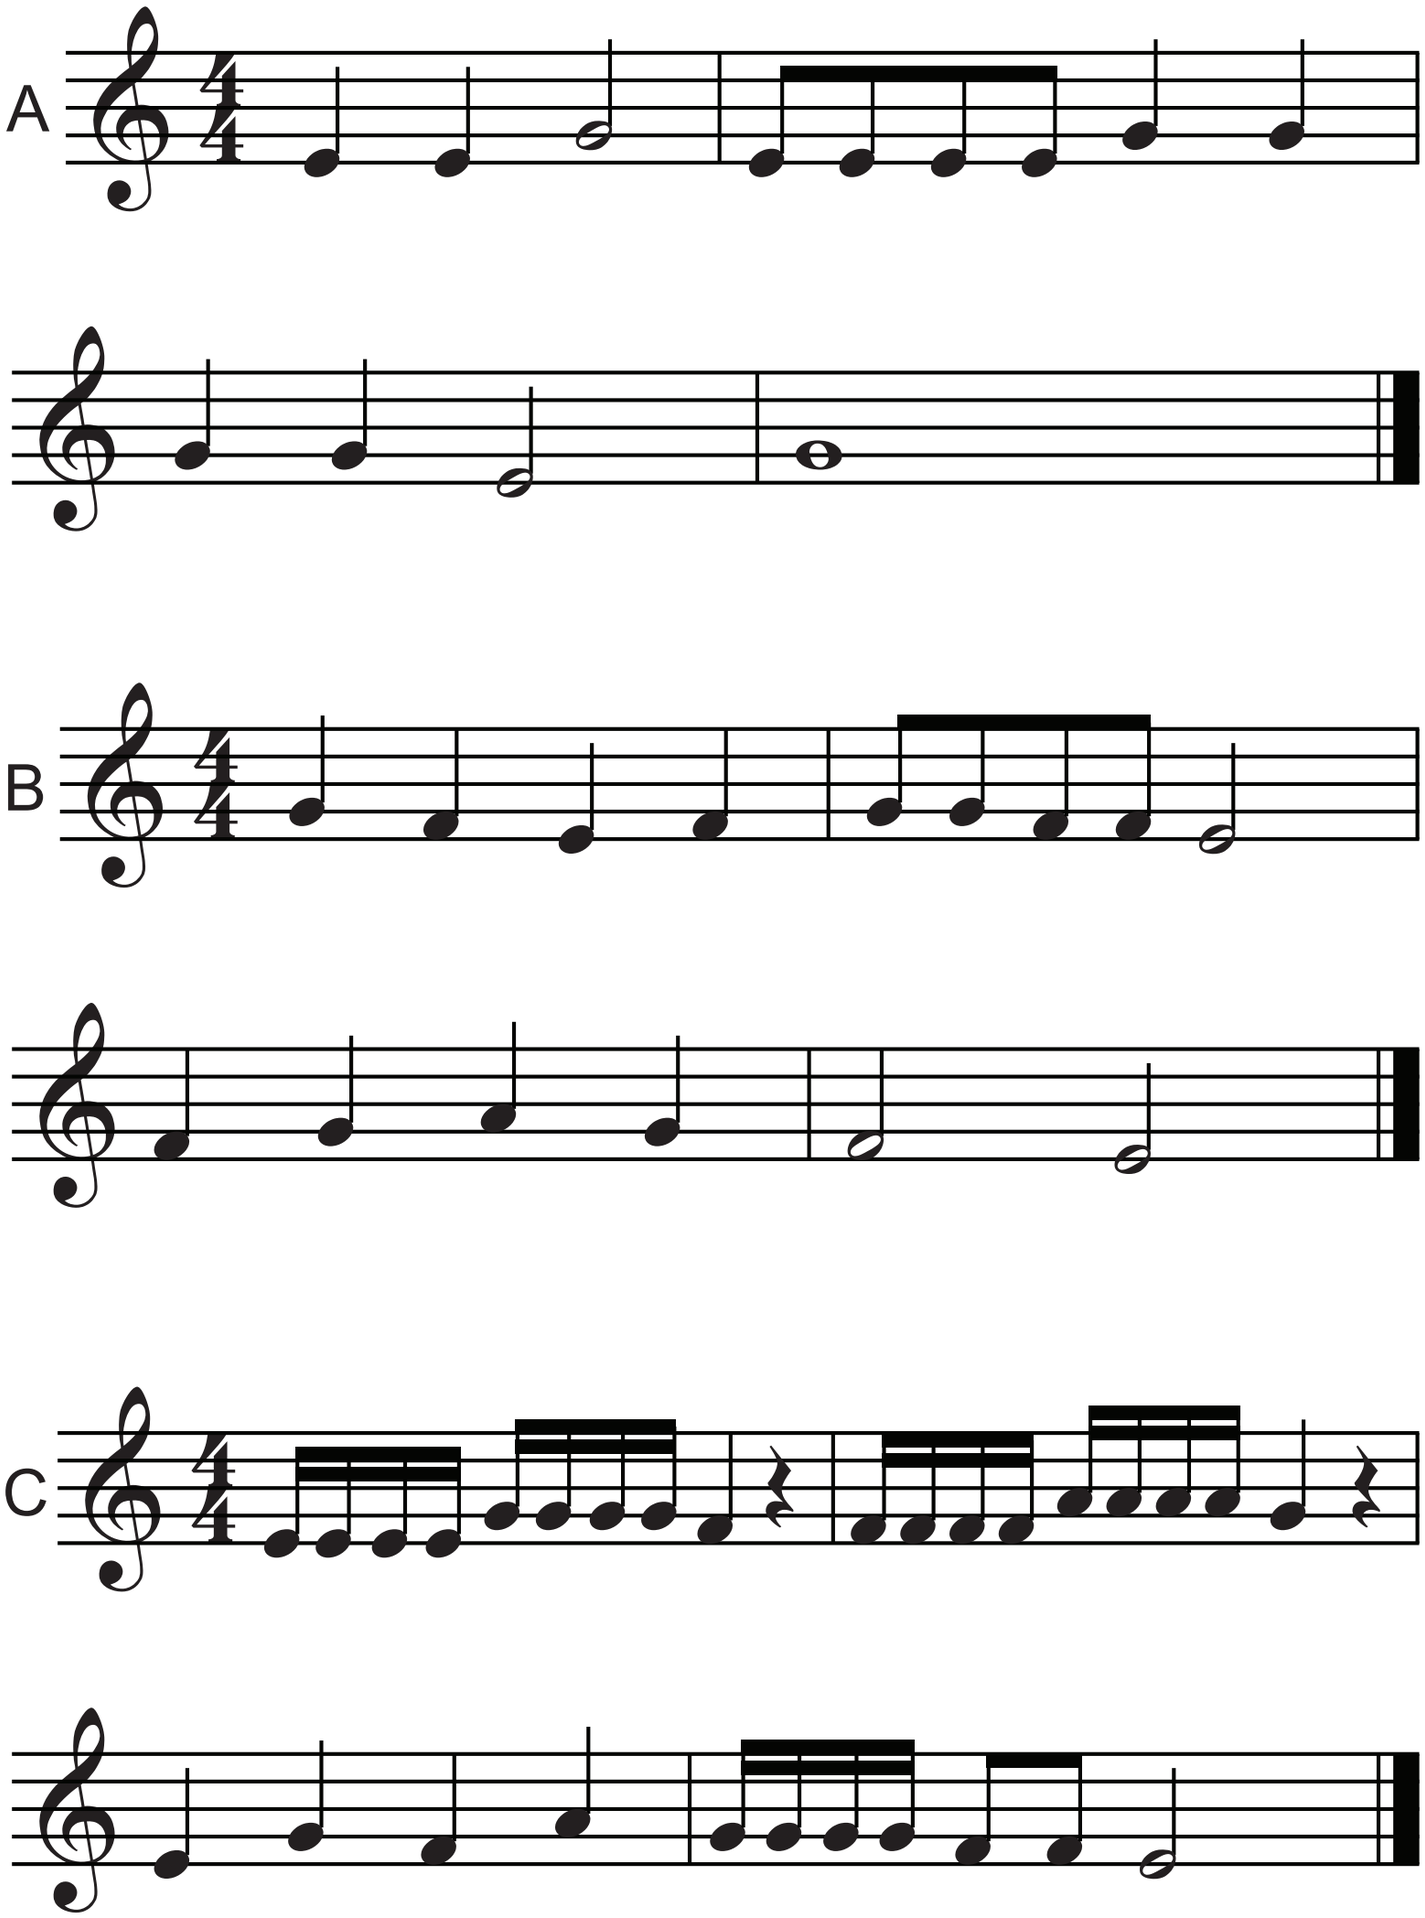

Uma das maiores dádivas que alguém pode dar a si mesmo é aprender.
